

Recreational Lenders and AppOne®

SIMPLIFY AND ACCELERATE YOUR CUSTOMER FUNDING

Book more deals, faster with AppOne

AppOne® is a web-based platform that streamlines the credit application submission and document preparation processes required for closing loans originated at recreational dealerships.

Rev up your bottom line.

AppOne provides the workflow and technology to connect dealers and lenders, ensuring accurate credit applications and deal structures and fast credit approvals.

The solution's unique model delivers the correct lender- and state-specific document package for each loan. AppOne successfully eliminates the need to purchase contracts or program them into a dealership management system.

Overall, the solution reduces the cost, time, and effort of completing the documentation needed to close loans, while increasing accuracy.

Thousands of dealerships and lenders rely on the AppOne platform to manage their financing operations. We're committed to helping you make your lending process fast and easy.

AppOne Solution Benefits

- Tap into a nationwide network of over 6,000 recreational dealerships using AppOne.
- Receive credit applications via a direct connection to your LOS or through our unique Route One integration with no additional application charges.
- Eliminate wasted time and expense by only receiving credit applications that meet your minimum lending guidelines.
- Only pay for funded loan — no credit application fees.
- Document loans on lender-specific 8.5" x 11" plain paper loan documents containing the most up-to-date Bankers Systems forms and your proprietary loan documents.

Lower your operational costs — simplify and accelerate your closing process with AppOne.
